

HT-3388C

CHAIRMAN UNIT

Dedicated to HT-3388 and DCN-3388 UHF wireless conference system, the HTDZ HT-3388C UHF wireless chairman unit is equipped with built-in speaker with volume control. Its wireless connectivity provides ultimate cable free and easy installation and therefore can easily be relocated to meet any conference and meeting room needs. It is equipped with LCD screen which indicates the on/ off status, battery level and the controlling channel. HT-3388C structure has also built-in headphone socket. The HT-3388C Chairman unit has a priority button by which all delegate units can be deactivated and only the chairman will be able to speak at a time. The lithium battery offers 8 hours backup during continuous use and it remains active up to 24 hours on standby mode. All the delegate units will be turned off automatically when the chairman HTDZ HT-3388C will be switched off.

Specifications

Transmission Method	UHF Wireless (two way)
S/N Ratio	> 85dB
Carrier Frequency band	UHF 610MHz - 664.75MHz
Maximum Modulation	60KHz
Radiant Power	<+9dBm
Frequency Deviation	0.002
Frequency response	60Hz - 16kHz
T.H.D	<0.8%
Power Supply voltage	DC3.7~4.5V
Dimension	170×58×120mm
Net weight	0.7 Kg
