

HT-L120

250 Watt

The HTDZ HT-L120 is a full-range speaker designed for main system applications. Featuring a 12", two-way, bass-reflex design powered by a HTDZ Mixer, delivers incredible volume in a lightweight and compact form factor. Because of the second 12" woofer, the HT-L120 is an ideal solution when space for set-up or transport is limited, but low frequency performance is vital to the success of a gig. Connected PA delivers seamless plug-and-play operation with a variety of equipment and enables you to control your entire live sound system with one app.
