

## HT-8700CG

### CHARGING CASE

Dedicated to HT-8710 and HT-8700 wireless conference system, the HT-3388CG charging case is specifically designed to charge lithium batteries of HT-8710C chairman and HT-8710D delegate units. It can charge 16 batteries in total at a time and its intelligent charging management protects the LIP batteries. It is equipped with pulley and handle which can be extended for easy moving. The charging circuit checks if the battery is present in the charging case and then controls the charging process. The LIP batteries are light and easy to install and features with excellent performance and overload resistant of charging capacity. The life span of batteries is 300 cycles when charged properly.

### Specifications

Power Supply	110V-240V/50Hz~60Hz
Consumption Rating	200W
Charge Quantity	16
Max charging Current	700mA for each Unit
Charging time	About 8~10 hours
Charging status	Red LED flashing -Charging, Green LED -Full Charged
Operating temperature range	0-40 degree
Dimensions	620×370×260mm
Net weight	10.7 Kg
